Valley Of Waves Information

Entrance to the Valley of the Waves and The Maze of the Lost City will be located next to the Bridge of Time. There is a temporary bus stop near the new temporary entrance to the Valley of the Waves where guests will be dropped off.

It is one of the most advanced water parks in the world, dominated by the Roaring Lagoon, a 6 500-square metre (7560-square yards) wave pool with a palm-fringed beach. Hydraulic mechanisms can generate a 1,8 metre (6 feet 8 inches) wave every 90 seconds. When waves are not generated, a bobbing cycle is generated in a diamond pattern.

All Resort residents enter the park free of charge by presenting their resident cards. For all day visitors there is an entrance fee to the park.
