Advice:

You can meet the passengers who have traveled before with our tours, as they can tell you the services & faith of our tour company. All travelers will tell you of our good behavior, service, management & confidence because experience means alot. The passenger who did not travel with us or did not communicate with us would never be able to give the correct information.

Should Consider:

The tourists who shop for food material during the tour, waste time in cooking and to save few amounts of money by taking accommodation far away from the "Harman Sharif" creates the exhaustion & wastes time and because of that they pray at their hotels instead in "Harman Sharif" and they waste more time in relaxing at their hotels. Instead if you will travel by our tour company you are spending little more you will get the best services and you will not waste your time in traveling but spend your time in worship because this the main aim of going on hajj tour. This prayers & services to Allah in this tour is the biggest income of your Akhirat. One should consider that in Akhirat worship is of the most use than money.

Reasons to Change in Expenses

Due to fall in prices of Indian Currency, 20 to 25% extra expenditure for Dollars & Saudi Riyal. For the better surroundings of Haram Sharif Railway lines, multi lane roads and multi-storied buildings are being developed and thousands of old buildings & lanes surrounding to the "Harman Sharif" are being destroyed. Thus the hotels near of "Harman Sharif" are shortening. Because of this the tariffs of these hotels go on increasing day by day. All over the world, food prices are increasing and this is because the overall rates are increasing of the tour.

Facilities of the Tour Company

Maximum time for praying and includes installment for money. If you deposit full amount at one time, you can get a cash discount on it. Accommodation is available in an air-condition hotels very near to "Harman sharif". We serve good quality & tasty food in breakfast, lunch, dinner in buffet system manner. Tea is also available 25 hours. We arrange laundry system for washing your clothes.

We are celebrating 26th year of our tour company. "Good service & Quality is our Brand". 25 years experienced tour conductor is always with you during the tour for explaining & guidance. Information camps are arranged in various places in Maharashtra since 25 years. Our staff helps elder hajji /hajjan's to rightly worship at Hajj.

Insha-Allah you will get more & more benefits from our Tamboli Tours & Travels Pvt. Ltd. Because our principal is each and every person gets service & quality. Our goal is not only to earn the money but also give you honestly the best services to everyone who travel with us. Allah has destined that what we get our own will, we trust on Him and Allah is All-giver.

Cautious

A intention of doing hajj by the hajji is expressed, but not knowing how the tour agents or irresponsible persons meet and gives many promises as well as they talk about less money, not telling him about the truth, the quality & service. They only book the seat at lower price, take money and trouble the passengers. Just remember that the tour company only registered by the Govt. of India & Royal Saudi Arabia can take the people to the Hajj tour. Before you book your seat check whether the company is registered to Govt. of India and Saudi Arabia or not so that you are not troubled at the last moment. Last year too many people book their seat at such non registered tours, so they could not go to Hajj. Some tours cheat by giving low rates to the tourists; some tours have no experience and they go anywhere. Be aware from these types of tours & tour agents. These tours give so much trouble in the journey. Such tour's bad management make journey uneasy, the devil comes in mind in this type of journey instead of worshiping & praying and your hardworking money is also wasted. Some new tour companies book and hand over hajjis to any other tour company for the journey, or some time they cheat on you, and they not to take you for hajj. So be careful of these people & tours.

"The rent of our tour company is always been reasonable; it is still and always will be."

With the blessing of Allah we give you quality services. We promise to give you best facilities & we are firm on that promise. As for your knowledge we give you proper total tours expenses. Please take decisions that which tour you prefer. Remember our tour is totally by the airways.
